[Words: Rettke]

[Music: Rettke, Paeth, Bilski]

[Piano played by: Miro]

Save us from all these fairytales  
we're livin' in a land of fantasies  
give us all those dreams and hopes  
together we could find a way to be free

[CHORUS:]

Put your heart into the fire  
an eternal flame is waiting for you  
put your heart into the fire  
the only one that lives in my view  
believing in the best days of my life

The days are passin' by and I'm driftin'  
through empty rooms  
the rain keeps fallin' down, livin' in sorrow  
I waited for so long to get an answer  
you know it's true  
and when the night comes down I wait for tomorrow

[BRIDGE:]

I know why you had gone away  
escaping from my heart  
the chains of love

were tearing us apart

[CHORUS]

A single word could change all the feelings  
we're keeping in our hearts  
we need another chance, never surrender  
I fly with broken wings always searching  
for a love not there  
you're always on my mind  
now and forever

[BRIDGE / CHORUS]

Could we ever stay away from here  
could you understand I wish you were here  
you always need a helpin' hand  
someone walking through your life with you,  
a real good friend
