He is the king of our land
With golden heart and iron hand
He rules, he's the savior

He's taking care of our lives
His black eyes know to hypnotize
He leads through his behavior

With golden wings on glory ride
He rose the iron sword
We all are here to pay tribute
And celebrate the lord

He's the man, he fights for law and order
He's the man, and stand, and stand
And stand, and stand, and stand

And stand, and stand, and stand
And stand, and stand, and stand
And stand, and stand, and stand
And stand, and stand, and stand

And standing one for all
He's riding for liberty
Beyond the fear and agony
He will be the savior of us all
He's the man

The scepter's rising for a sign
The chalice full of bloody wine
Beloved king, we salute ya

The jester does exhilarate
There is no time to hesitate
We know, we'll ride forever

The path of glory never ends
We keep the faith for fame
The iron sword is riding on
Hallowed be thy name

He's the man, he fights for law and order

He's the man, and standing one for all
He's riding for our liberty
Beyond the fear and agony
He will be the savior of us all

Marching in the darkness
Standing side by side
All the gods of thunder
Blinded by the light

He's the man, he fights for law and order
He's the man, and standing one for all
He's the man, he fights for law and order
He's the man, and standing one for all

He's the man, he fights for law and order
He's the man, and standing one for all
He's riding for our liberty
Beyond the fear and agony
He will be the savior of us

He's the man, he fights for law and order
He's the man, and standing one for all
He's riding for our liberty
Beyond the fear and agony
He will be the savior of us all
He's the man
