Who's taking time out, we'll take a shine out  
We're the boys we got nothing to lose  
I've had enough now of school and stuff now  
If you ain't with us then it's just bad news

Only you can rock me rock me  
Come on back now do it again  
Only you can rock me, rock me  
Kicking out just like a hurricane

We can't wait from day to day  
Cuz we've got something to say  
We can't wait from day to day  
Cuz we've got something to say

Come on the street now on every corner  
Breaking out and we're doing what we want to  
Just like a jewel shines in the night  
She burns so hot out under the street light

[Chorus]

We are here and there's no end  
We keep on coming again  
We are here and there's no end  
We just keep coming again

[Instrumental]

Who's taking time out, we take a shine out  
We're the boys we got nothing to lose  
I've had enough now of school

And stuff now  
If you aint with us then it's just bad news

Only you can rock me, rock me  
Come on back now, do it again  
Only you can rock me, rock me  
Kickin' out just like a hurricane

We can't wait from day to day

Cuz we've got something to say  
We are here and there's no end  
We'll keep on coming again

We can't wait from day to day  
Cuz we've got something to say  
We are here and there's no end  
We'll keep on coming again
