Look out the left,captain said  
the lights down there,that's were we'll land  
I saw a falling star burn up  
above the Las Vegas sands  
it wasn't the one that you gave to me  
that night down south between the trailer  
not the earthly one  
that you can wish upon  
not the northern one

Chorus:

Oh,starbright,starbright  
you've got the loving that I like, all right  
turn this crazy bird around  
I shouldn't have got on this flight tonight

You got the touch so gentle and sweet  
but you've got that look so critical  
I can't talk to you baby  
I get so weak  
sometimes I think love is just mythical

up there's a heaven  
down there's a town  
blackness everywhere and little lights shine  
blackness,blackness dragging me down  
come on light the candle in this poor heart of mine

Chorus.

I'm drinking sweet champagne  
got the headphones up high  
can't numb you out  
can't drum you out of my mind  
they're playin' "Goodbye,baby,baby,goodbye  
ooh,ooh,love is blind"  
up to the flaps, down to the wheels  
I hope you got your heat turned on baby  
I hope they finally fixed your automobile  
I hope it's better when we meet again

Chorus.
