Never could resist my own temptations
Much too young to know these dangerous toys
First of all, I felt the good vibrations
Never listened to the warning voice, no

Addicted to a blind imagination
Always thinking that I have no choice
In my eyes the fear of revelation
For all the years I have to pay the price

Wasted time and I've lost my mind
Taking all as donations in kind

White evil, why can't you hear the cries?
White evil, no fear is in my eyes
Help me if you can

Living in a dream ain't no solution
When you're clean, the world is still the same
Always on the run from prosecution
Kill for dimes and no one you can blame

Wasted time and I've lost my mind
Taking all as donations in kind

White evil, why can't you hear the cries?
White evil, no fear is in my eyes
Help me if you can

Memories are fading in the snow
Springtime's far away in veins that grow
Shadows twisting in my acid brain
Crystal dust is driving me insane

White, white, white evil
White, white, white evil
White, white, white evil
White, white, white evil

White evil, why can't you hear the cries?
White evil, no fear is in my eyes
Help me

White evil, why can't you hear the cries?
White evil, no fear is in my eyes
