I've got a bug inside and it is just a little housefly.  
I got a bug inside it tickles like a butterfly.  
I've got a worm that's mine and crawls around my  
whole inside.  
and when I dont feel right it feels just like a parasite.

a bug, get it!  
a bug, kill it!

and you will never know how it feels to light up the sky.  
and you will never know how it feels to be a firefly.

my body is a jar for a special insect caught inside it.  
sometimes it lights me up but I would never let you  
know it.  
sometimes it crawls around and makes me laugh when  
I am down.  
I dont wanna let it out yet I am greedy little bug.

a bug, kill it!  
a bug, get it!

and you will never know how it feels to light up the sky.  
and you will never know how it feels to be a firefly.

sometimes I look for a safe place to keep my little bug.  
sometimes it flutters around trapped and I feel so sad.  
but I know what would happen if I ever let go of it.  
I think that this cruel world would surely kill it.

a bug, kill it!  
a bug, get it!

and you will never know how it feels to light up the sky.  
and you will never know how it feels to be a firefly.  
and you will never know how it feels to light up the  
night.  
and you will never know how it feels to be a firefly.
