I don't know you  
I don't owe you  
I won't give you a thing

You get inside  
You run my life  
You make me think bad things

You say I'm fat  
And you hate that  
You hate the way I look  
I can't do nothing right for you  
Yeah, look at me  
Look at me  
Look at me  
Look at me

Get out of my head  
Get out of my head

You can't hide cause I know what you do  
You can't hide cause I know I am you

You hate my work  
You hate my words  
You take up my whole life

You take my time  
You take my mind  
You fill it up with lies

I can't see you  
But I believe you  
Even though I don't

You make me cry  
You make me die  
It doesn't matter  
Doesn't matter  
Doesn't matter anyway

Get out of my head  
Get out of my head

You can't hide cause I know what you do  
You can't hide cause I know I am you

I don't know you  
I don't owe you  
I won't give you a thing

You get inside  
You run my life  
You make me think bad things

You take my time  
You fuck my mind  
You ruin my whole life

I'll make you cry  
I'll make you die  
I'll get you out  
I'll get you out  
I'll get you out of me
