"Seek & Hide"

Visit "[Seek & Hide](#)" on MotoLyrics.com

seek and hide in the dark
seek and hide with you
running scared, you hide your heart
but I know how to find you

I found you
I want you
you know what I'm saying is true
I know you want me too

you step close even while you're hiding better every
time
I am standing in the dark, trying to find what is mine
hold my hand, I am scared

cause I found you
I want you
you know what I'm saying is true
I know you want me too

but this is the last time that I will play with you
and this is the last time I will play this game with you
but once more

seek and hide in the dark
seek and hide with you
running scared, you hide your heart
but I know how to find you
your heart is true
scared out of hiding
