Hey, hey, hey... now, now  
Where your shadow walk alone  
Hey, hey, hey... now, now  
Where your heart heats no more  
Hey, hey, hey... now, now  
Where your soul fly away  
Hey, hey, hey... now, now  
Where your lips kissed the grave  
But you still cry in vain  
Remembering life again  
You have sold your soul  
To the mystic, frightening night  
Girl of the unknown  
I desire you now... tonight  
You keep on walking alone  
Through the moorish valley of dreams  
You have sold your soul  
To the mystic, frightening night  
Girl of the unknown  
I desire you now... tonight
