How happy is the human soul
Not enslaved by dull control
Left to dream and roam and play
Shed the guilt of former days

Walking on the foggy shore
Watch the waves come rolling home
Through the veil of pale moonlight
My shadow stretches out it's hand...

And so we lay
We lay in the same grave
Our chemical wedding day

And so we lay
We lay in the same grave
Our chemical wedding day

Floating in the endless blue
My seed of doubt I leave to you
Let it wither on the ground
Treat it like a plague you found
All my dreams that were outside
In living colour, now alive

And all the lighthouses
Their beams converge to guide me home...

And so we lay
We lay in the same grave
Our chemical wedding day

And so we lay
We lay in the same grave
Our chemical wedding day

And so we lay
We lay in the same grave
Our chemical wedding day

And so we lay
We lay in the same grave

Our chemical wedding day

And so we lay
We lay in the same grave
Our chemical wedding day

And so we lay
We lay in the same grave
Our chemical wedding day...
