Weh yuh seh Sizzla?  
Wid man like Heavy D, trust mi

There she goes, I love the way she work that pole, yes  
sir  
Dance for me nice and slow, a so she did yuh know  
I love the way she takes control, private dancer

She's a pro right, good at what she does, that's her  
flow  
Dat's how she flow mon  
She love to take off her clothes, she dancin'  
And that's okay I suppose, private dancer, there she  
goes

Every Friday 'round eleven, at di club she's dancin'  
Di way she moves is like she romancin'  
Nuff people come in fi watch her turn and spin  
It's like di breeze blowin' when she groovin'

She seh she really doesn't trust nobody  
She seh she just lookin' to love somebody  
I said I'm lookin' for a private party  
And I just wanna see you shake your body

Every Friday 'round eleven, at di club she's dancin'  
Di way she moves is like she romancin'  
Nuff people come in fi watch her turn and spin  
It's like di breeze blowin' when she groovin'

There she goes, I love the way she work that pole  
Yes she does  
Dance for me nice and slow  
I love the way she takes control, private dancer

She's a pro, good at what she does, that's her flow  
That's her flow  
She love to take off her clothes  
And that's okay I suppose, private dancer, there she  
goes

Now look at how she flows

Gal, yuh pretty and yuh wicked from head to toe  
Can we kick it and tek things nice and slow?  
And I suppose, this is how it goes

Then I give yuh one dozen red red rose  
Bend mi till mi watch yuh tek off yuh clothes  
Pure diamond ring and ting fi sure  
And I give yuh love galore and much, much more

Every Friday 'round eleven, at di club she's dancin'  
Di way she moves is like she romancin'  
Nuff people come in fi watch her turn and spin  
It's like di breeze blowin' when she groovin'

There she goes, I love the way she work that pole  
Yes I do  
Dance for me nice and slow  
I love the way she takes control, private dancer

She's a pro, good at what she does, that's her flow  
That's for sure  
She love to take off her clothes, yes she does  
And that's okay I suppose, private dancer, there she  
goes

She flowin', like di breeze she blowin'  
She flowin', she flowin', she flowin'  
Like di breeze she blowin', she blowin'
