This one definitely goes out on a censorship tip
So everybody sit back relax and have a champagne sip
We gonna teach these people out there who are
Against saying what we want to say the right way

Y'know what I'm sayin', so what we're gonna do
Is kick back swing a little funky beat by my man
DJ Pete Rock producer extraordinaire
Yo, Pete Rock, make it clear

I can flex, bend, lend a pen to a friend
Keep a party pimping from now to then
I don't have to swear, curse or juggle
Lyrics in the verse to make a party bubble

So 'Mister Censorship', tell me, what's your problem?
There's girlies on the corner, and phife can't solve 'em
How did she say it, I'm curious G
Does she say honey love me, or baby baby, fun me

Anyway, we say what we wanna say
Play how we wanna play, feels good that way
So G Rap, huh, it's time to kick a verse
Do your man a favor and don't curse

You're tellin' me don't curse on a verse, they did it
worse
First I put a curse on every verse
I kind of got outrageous
Check it, even made a record on how I'm doing on the
B I T C H es

Drop some verses for the bust
Every word that you heard is cause I didn't give a f, aw
shucks
Hey yo, I almost forgot
The curse is a plot but it's getting kinda hot

So I'ma let profanity retire, hey
But if worse comes to worse, I'll cut you out like Richard
Pryor

So Grand Puba, kick a verse
But do your man a favor and don't curse

Don't curse, bust it
I won't curse, I'll take a famous curse word and just say
kcuF
KcuF flipped around the other way means ha
Boy when I do, I see, I can't get stuck
Jump on the mic then I earn a quick buck

Buck meanin' loot, then I grab some boots
And set wit my troops
For those who can't follow and got stuck
KcuF flipped the other way means

It's just a curse, I freaked a nurse in a hearse
But I made sure I had my hat first
CL Smooth, it's time to kick a verse
God cypher the rhyme, you can't curse

Go ahead ask me, when I kick a curse in a verse, I say
nope
Grab you by your hand, wash you're mouth out wit soap
Thinkin' to be the last one wit the bad lingo
Scoopin' on the skinz in the church from your bingo

Sounds of the Mecca, dark fresh from the tailor
Because they made a movie when he cuss like a sailor
Better yet, dialect dirty like a subway
Freakin' for your loot, here to make it go the other way

In a vocabulary scrimmage
But cursin' in my village ain't good for my image
So Big Daddy, you know it's time to kick a verse
But do your man a favor, don't curse

The smooth rap inventor that enter
Parental discretion's not advised so there's no need to
censor
Kiss on, peep it, but you want to beep it, what?
I feel like slapping a sticker on ya, chill chill, see what

But, too magical rhymes are too tragical
For any source to stop Kane from getting capital
If I thought sticking me was dissing me
Man, don't you know that this would be
Worse than Stephen King's Misery

So clean all profanity, stealing all the man to be
Rocking any microphone you're handing me
So Heavy D, I'm about to disperse

So kick another verse and don't forget not to curse

God Bless, but I can't mess around wit the curses
So I'm a kick verses or a verse
Soul brother number 1 here to kick facts
Smoke the microphone and produce crazy tracks

Your my bad bro, let's start the flow
I'm a kick rhymes till it's time for me to go
I can't curse cause Heavy D said so

Now I'm a get back to the subject
Get wreck, if you think I'm bluffin', just check
Wit the crew, Pete Rock and CL Smooth very down to
earth
And we didn't have to curse

Yea, yea the Abstract poet Q-tip of a Tribe Called Quest
Here to wreck, y'know what I'm sayin'
Got my man Pete Rock and my man Heavy D in the
house
And we're definitely chillin' on the lifted tip
So bust the spit out, aha

Flim flam flim, lick my big black stuff
Plus I kick a curse to be rough enuff
You could put the sticker where the sun don't shine
So back off and let me get mine

Visions in my head when it's dealing wit hits
If I had 4 girls then I lick 8 its
Wait, don't wanna hear no drama
'Cause the bum didaly Heav is a favorite of my mama's

So I blew out get mad lifted
Don't have to say up the show that I'm gifted
God bless me 'cause I reach my 21st
Heavy D, don't drop a curse

Peace, peace, peace to the preacher
I'm talkin' about a verse without a curse that's how I
reach ya
I can rock a party without a swear or a harsh verb
Backwards, no curse words, Heavy D prefers

So swing, swing to the Soul bequiem rhythm
Before I say goodbye, let me tell ya how I hit 'em
CL, Pete Rock, G Rap, Maxwell
Big Daddy, Q-Tip and ah me as well

Time to say peace, thank Pete for the beats

This funky beat was made for the street
Notice how clean that we kept every verse
But if worst came to worst, we all said a curse
