The Heavster, measure the pleasure then treasure the
note
That I wrote and you can quote, flow like I row like a
boat
Takin' a stand, don't need a hand
The man in command did soul train, next American
band-stand

An overweight lover discover, no other brother can
smother
If I ever fell IÃ¢â€™d bounce back like rubber
I'm rough and tough, all that stuff, call my bluff
You can't enough of Mr. Big Stuff, let it flow

(And I am M C Heavy D)
Let it flow, let it flow
(And I am M C Heavy D)
Let it flow

You get your rhyme from a hag bag, you thief from
Baghdad
You're soft as a sandbag, throw your rhyme in a glad
bag
The way that you act like, as if you had mic fright
It seem that you're not bright, now IÃ¢â€™m a do it
right

Get used to a back mark, lover my trademark
You're just like a hush puppy, no bite, all bark
You move when I say so, I flow when the wind blows
While IÃ¢â€™m rippin' and strippin' you be peakin'
through a window

Definitely for action, voted for Jesse Jackson
Instead of laggin' we coulda been passin'
Eddie F on the fade mix, the Boys with the dance tricks
Dre with the management, Heavy D with the lyrics

Who said that I ain't dope, you're walkin' a tightrope
You're livin' for high hopes, I wonder what you smoke
Didn't come here to tip-toe, I came here to rip so
Grab your partner, Dosey-Dos and let it flow

(And I am M C Heavy D)
Let it flow, let it flow
(And I am M C Heavy D)
Let it flow, Eddie F, breakdown

DJ Eddie F, DJ Eddie F
DJ Eddie F, DJ Eddie F
(Breakdown, break down like this)
DJ Eddie F, DJ Eddie F, DJ Eddie F

And I am M C Heavy D
And I am M C Heavy D

All rappers we remain the same, we try, we strain
But still some complain about the fame that we obtain
But IÃ¢Ä™ m a refrain it's insane 'cause IÃ¢Ä™ m
a still gain
You want what's good, but can you stand the rain?

We think hard for what we want, then work harder to
get it
But you're too busy tryin' to diss us, that's why you
forget it
Appreciate what you did, and I hope you keep doin' it
But stop riffin', because you just might ruin it

For me, for you, for you and for me
Two wrongs never make a right let's keep good
company
You're welcome any night to come on my stage
Because divided we fall, together we get paid

(And I am M C Heavy D)
So, let it flow, G-Wiz let it flow
(And I am M C Heavy D)
T-Roy it flow, Pete Rock let it flow
D O let it flow, Nick T let it flow
Eddie F let it flow

And I am M C Heavy D
And I am M C Heavy D
And I am M C Heavy D
And I am M C Heavy D
