Well, cocked and ready over here I stand  
Anticipating the laying on of the hands  
Well, it might seem frivolous, maybe profound  
But it feels like deliverance going down

Hey, hey, hey, hey, hey  
Hey now, come on around  
Big rumble is coming down  
Go tell it on the mountainside  
Over the hills and across the sky

Hey now, watch out, run  
Big rumble is about to come  
Go tell it to the people there  
Over the hills and everywhere

Oh, young girls screamin' as the gym rat speaks  
Might see some walk-on on a shooting streak  
Well, the big snake charmers and the medicine men  
Well, they sound like Daniel in the lion's den

Hey now, come on around  
Big rumble is coming down  
Go tell it on the mountainside  
Over the hills and across the sky

Hey now, watch out, run  
Big rumble is about to come  
Go tell it to the people there  
Over the hills and everywhere

Well, the man with a ball and savior too  
A strange conception of the holy truth  
The biggest and the baddest of Moses too  
Works for some, maybe me and you

Hey now, come on around  
Big rumble is coming down  
Go tell it on the mountainside  
Over the hills and across the sky

Hey now, watch out, run

Big rumble is about to come  
Go tell it to the people there  
Over the hills and everywhere

Big rumble is about to come  
Hey now, come on around  
Big rumble is coming down  
Go tell it on the mountainside  
Over the hills and across the sky

Hey now, watch out, run  
Big rumble is about to come  
Go tell it to the people there  
Over the hills and everywhere

Hey, big rumble is about to come  
Go tell it on the mountainside  
Over the hills and across the sky
