There's a place, a local roadside shack
A poor man's Paris with a parking in the back
There's a girl there, she knows how to unwind
She don't talk much but she knows just how to act
I said, "Don't tell me she don't love me
The money's just a mere formality"

Hey yeah, every day, every night
Some thing's going on, some thing's going on
Down the road over yonder

Yeah, any place, any time when I'm fading
My love lies waiting
Down the road tonight

When I was younger, all the older boys
Would drive me way out past the county fair
They'd laugh and point out this roadside trailer
Said, "Something wild's going on over there"
They said, "What they're doing?"
Don't mean nothing to you now
But someday it'll mean everything

Yeah, every day, every night
Some thing's going on, some thing's going on
Down the road over yonder

Yeah, any place, any time when I'm fading
My love lies waiting
Down the road tonight

Hey yeah, woah
Hey yeah

There were movies in the parlor
They were dealing one-eyed jacks
And when I said I loved her
She said, "Just keep on coming back"

Every day, every night
Some thing's going on, some thing's going on
Down the road over yonder

Yeah, any place, any time when I'm fading
Oh, my love lies waiting
Down the road tonight
Yeah, my love lies waiting
Down the road, down the road tonight

Hey yeah

Every day, every night
Down the road tonight
Any day, any time
It's all right
