My name is Vernon James
And I live to the south of town
I work my window watching
The women go round and round

Some people come here for love
Some people come for fantasy
When two in the morning comes round
My baby comes around for me

Someone come, come my someone
Take the clouds from my eyes, my one
I know that sometime soon
One day we'll walk in the sun

I'm taking tickets and watching
The men always looking down
Sometimes I feel like an animal in
The zoo staring out

No one looks me in the eye
They save it for the girls inside
I don't much care what they see
And I know she saves it all for me

Someone come, come my someone
Take the clouds from my eyes, my one
I know that sometime soon
One day we'll walk in the sun

Some people come here for love
Some come for curiosity
I know there will be a day
I know we'll figure out a way

Someone come, come my someone
Take the clouds from my eyes, my one
I know that sometime soon
One day we'll walk in the sun

Someone come, come my someone
Take the clouds from my eyes, my one

I know that sometime soon
One day we'll walk in the sun

One day we'll walk in the sun
One day we'll walk in the sun
One day we'll walk in the sun
One day we'll walk in the sun
