"Wild Frontier"

Here I am I'm in a gaseous haze
Ten lanes and tall boys
Going both ways
El dorado riding on the fringe
Aztec princess take revenge
This ain't my style, this ain't my home
I'm going where it's safe to roam

Take me all the way back
To the wild frontier
Well I'm counting the miles
Seeing her smile
In the wild frontier

Electric sun, electric hair
Leather skin , leather underwear
She said "Hey
I'm getting in the biz
Come on over
I'll show you where some action is"
This ain't my style, this ain't my home
I'm going where it's safe to roam

Take me all the way back
To the wild frontier
Well I'm counting the miles
Seeing her smile
In the wild frontier
