"I Am Born"

Second coming now arrives
I am born - I am alive
Bow before me all of mankind
I am born - I am alive

My time is here, now I thrive
I am born - I am alive
I rule the Eath, the sea and the sky
I am born - I am alive

Fell the possession of Hell's damnation

Impurity running through my soul
Unholy blood running through my veins
An aura of darkness surrounding me
I am born, I'm eternity

Second coming now arrives
I am born - I am alive
Bow before me all of mankind
I am born - I am alive

My time is here, now I thrive
I am born - I am alive
I rule the Eath, the sea and the sky
I am born - I am alive
