"The Face Of Betrayal"

As you hang upon the cross
The lies are already there
More of an unholy cult
The face of betrayal
No real truths, just more lies
Millions sucked in
How could a man of love let this happen?
How could a man of love be this deceitful?
How could a man of love not giveth?
And how could a man of love taketh away?
You are not my lord - pathetic illusion
Preaching self-deceit, not a fiber of truth
I see your face - I vision the true evil
I see a waste of what life is
Fuck you Jesus Christ
You are no lord of mine
