I heard a distant early warning  
But I chose to ignore it  
It came back and bit me  
Seems like we're victims of bad timing  
Cause you wanted more than I did  
I can't give you what you need

She said "hold me, hold me, closely, closely"  
That's when I should have ran  
3.2.1, it's the final meltdown I want out now  
I wish I would've known to doubt you  
I'm better off alone without you  
3.2.1, it's the same old story, love gets gory  
Why'd we have to go and change things?  
Now touching you is such a strange thing

I got so caught up in the moment  
That I forgot what it all meant  
But still I'd do it all again  
You said, "no stings attached, I'm wild"  
I didn't know you're in denial  
And you became my ball and chain

She said, "hold me, hold me, closely, closely"  
That's when I should have ran  
3.2.1, it's the final meltdown I want out now  
I wish I would've known to doubt you  
I'm better off alone without you  
3.2.1, it's the same old story, love gets gory  
Why'd we have to go and change things?  
Now touching you is such a strange thing

She said "hold me, hold me, closely, closely"  
"Hold me, hold me, closely, closely"  
That's when I should have ran

3.2.1, it's the final meltdown I want out now  
I wish I would've known to doubt you  
I'm better off alone without you  
3.2.1, it's the same old story, love gets gory  
Why'd we have to go and change things?

Now touching you is such a strange thing

She's holding on while she can

Why'd we have to go and change things?

She's holding on while she can

Now touching you is such a strange thing

She's so out of hand

I'm dreading all the baggage and what it brings

She's so out of hand

But still I'd do it all again
