So close your eyes.
There's no surprise.
You'll realize they hear you.
Just hide your fear.
Come closer dear.
It's hard when no one loves you.
I'm on the soul of every role,
Of every place you're taking
Until I'm done, just stay for fun.
Tomorrow's breaking even.
Too late never say
Tomorrow's is another day
One love, I'm one away.
I never thought that
I'd hear heaven say
Inside I know the way.
She fell like fire, I forgot to play.
One love I'm one away.
I never thought
I'd hear heaven say.
Heaven say...
We've lost our chance,
Our one last dance.
Them circumstances fail us.
We'd wait too long.
They found our song.
Seems like time's against us.
Maybe it's me I'm overboard
I'm screaming for no reason.
But life is light
Love like a fight.
Today we're breaking even.
I, I
Oooh yeah.
Too late, Never say
Tomorrow is another day.
One love. I'm one away.
I never thought that I'd hear heaven say.
Inside I know the way she fell like fire.
I forgot to play
One love I'm one away.

I never thought I'd hear heaven say.
Everyone here thinks
I'm crazy.
Seems like most of us look lazy.
Waiting 'round here is amazing.
Everyone runs like it's hazy.
Too late. Never say,
Tomorrow is another day.
One love I'm one.
I never thought that I'd hear heaven say.
Inside I know the way.
She felt like fire.
I forgot to play.
One love I'm one away.
I never thought I'd hear heaven say.
Too late never say.
Tomorrow is another day,
One love I'm one away
I never thought that I'd hear heaven say.
Inside I know the way,
She felt like fire.
I forgot to play.
One love I'm one away.
I never thought I'd hear heaven say.
Too late never say,
Tomorrow is another day.
One love I'm one away,
I never thought that I'd hear heaven say.
Inside I know the way.
She felt like fire.
I forgot to play.
One love I'm one away.
I never thought that I'd hear heaven say.
Heaven say.
Hmm never thought I'd hear heaven say...
