I remember when,  
Sometime long ago  
I told you this was possible and now I just don't know.  
I remember when,  
Sometime long ago  
I told you this was everything we need but now I know  
This is a distraction there are no satisfactions to  
beating around the bush,  
We need a little push  
This is a reaction there are no satisfactions to beating  
around the bush so heres a little push

The show must go  
Cuz now I know  
I need to grow, I'll need to glow  
So now I know  
Cuz lifes set & sold  
I need to grow, so the show must go

I remember when,  
Sometime long ago I told you this was everything we  
need, but I don't know  
I remember when,  
Sometime long ago I told you this was possible and  
now I just don't know

This is a reaction there are no satisfactions we need a  
little push to stop beating aruond the bush  
This is a reaction there are no satisfactions to beating  
around the bush so heres a little push

The show must go  
Cuz now I know  
I need to grow, I'll need glow  
So now I know  
Cuz lifes set & sold  
I'll need to grow  
So the show must go

This is a reaction there are no satisfactions we need a  
little push to stop beating aruond the bush

This is a reaction there are no satisfactions we need a  
little push to stop beating aruond the bush

The show must go  
Cuz now I know  
I need to grow, I'll need glow  
So now I know

I'll need to grow  
So the show must go
