I'm so cold and far away from home
You're so tired and so damn alone
It's darker and much harder to be me
So far away from my reality

I hate the way you look, I'm looking back
I hate the way I look, you're looking too
I think maybe I'm just falling, falling, falling

And you kiss me like you know inside of me (let me
lead you, let me follow)
And you watch me fight my own insanity (let me lead
you, let me follow)
And I feel like I'm a villain Jesus said would never ever
leave us
And I'm stronger now than I ever was before

You think I never could have seen it all
It seems you want me just to watch me fall
Your fingers and your lips are beautiful
Your fingers and your lips are killing me

I hate the way you look, I'm looking back
I hate the way I look, you're looking too
I think maybe I'm just falling, falling, falling

And you kiss me like you know inside of me (let me
lead you, let me follow)
And you watch me fight my own insanity (let me lead
you, let me follow)
And I feel like I'm a villain Jesus said would never ever
leave us
And I'm stronger now than I ever was before
Than I was before

I'm stronger than I've ever been
I'm stronger than before
But you kiss me like you know it all

You know it all [x14]

And you kiss me like you know inside of me
And you watch me fight my own insanity
And I feel like I'm a villain Jesus said would never ever
leave us
And I feel like I'm a villain Jesus said would never ever
leave us

And I'm stronger now than I ever was before [x3]

Was before [x3]
