I heard a distant early warning  
But I chose to ignore it  
It came back and bit me

Seems like we're victims of bad timing  
'Cause you wanted more than I did  
I can't give you what you need

She said, "Hold me, hold me  
Closely, closely"  
That's when I should have ran

321, it's the final meltdown, I want out now  
I wish I would've known to doubt you  
I'm better off alone without you

321, it's the same old story, love gets gory  
Why'd we have to go and change things?  
Now touching you is such a strange thing

I got so caught up in the moment  
That I forgot what it all meant  
But still I'd do it all again

You said, "No strings attached, I'm wild"  
I didn't know you're in denial  
And you became my ball and chain

She said, "Hold me, hold me  
Closely, closely"  
That's when I should have ran

321, it's the final meltdown, I want out now  
I wish I would've known to doubt you  
I'm better off alone without you

321, it's the same old story, love gets gory  
Why'd we have to go and change things?  
Now touching you is such a strange thing

She said, "Hold me, hold me, closely, closely  
Hold me, hold me, closely, closely?"

That's when I should have run, run, run, run

321, it's the final meltdown, I want out now  
I wish I would've known to doubt you  
I'm better off alone without you

321, it's the same old story, love gets gory  
Why'd we have to go and change things?  
Now touching you is such a strange thing

She's holding on while she can  
Why'd we have to go and change things?  
She's holding on while she can  
Now touching you is such a strange thing

She's so out of hand  
I'm dreading all the baggage and what it brings  
She's so out of hand  
But still I'd do it all again
