You turn a cheek they slap the other one  
dont try to step out of line they'll stomp on anyone  
you start to think what if everyone would stop being so  
weak to stand up for once  
i wont walk away i got a lot to say

chorus:

i thought that i was free  
they took that all from me  
they told me i should back down  
on the ground  
not a sound  
dirty little freak  
but this is how i bleed  
and we ain't gonna stop now  
a penny for your thoughts now  
a bullet for your dreams  
a bullet for your dreams

we've got the noise no way to silence it  
don't let them block out your voice we're so sick and  
tired of it  
it's not okay we've had enough of it  
playing dead for so long don't make you innocent  
i won't walk away  
i got a lot to say

Bridge:

don't live your life cornered  
you've got to fight for it  
stand up and walk the way you talk like you could die  
for it  
they feed us lies it's true  
god knows i'm hungry too  
but they can't stop what we were meant to do

Chorus: (x2)

i thought that i was free  
they took that all from me  
they told me i should back down  
on the ground  
not a sound

dirty little freak  
but this is how we bleed  
and we ain't gonna stop now  
a penny for your thoughts now  
a bullet for your dreams

a bullet for your dreams  
a bullet for your dreams  
a bullet for your dreams  
a bullet for your dreams
