Dear blank, I'm sorry I blanked your blank
But you'd understand if you knew how much beer that I
drank
I know, today is going too fucking slow,
So take a number, get in line, I'll tell you all where to go
It's last call, and here I am again in the hall,
I guess nobody gets my jokes at all,
It's no prize, being me and getting too whys,
They just make you turn around and go apologize.

I don't wanna lose what I've got
But you'll never hear me say I'm sorry

No I don't owe you anything
So hell with "I'm sorry" bombs away
No I don't owe you anything
You're like a bullet to my
Brain I'm numb
Can't kill my fun
If you're good and done
Then thank you just the same
And I don't owe you anything

About now, you're thinking to yourself, just how
Did this jerk make it through school without ever
getting plowed?
That Wannabe, I see him all the time on TV
What makes this kamikaze think he's any better than
me
I'll tell you though, it's something that I've learned you
should know
I'm so used to the phrase "I told you so"
It's my brain, it may be certified insane
At least I'm not like all you whiners man you're all the
same

And I don't wanna lose what I've got
But you'll never hear me say I'm sorry

No I don't owe you anything
So hell with "I'm sorry" bombs away
No I don't owe you anything

You're like a bullet to my
Brain I'm numb
Can't kill my fun
If you're good and done
Then thank you just the same
And I don't owe you anything

I don't care if there's a time or a place I'll be right there
Didn't anybody tell you?
I don't care if there's a will there's a way for me

Dear blank, I'm sorry I blanked your blank
I know today is going so slow

No I don't owe you anything
So hell with "I'm sorry" bombs away
No I don't owe you anything
You're like a bullet to my
Brain I'm numb
Can't kill my fun
If you're good and done
Then thank you just the same
And I don't owe you anything

Time after time and a place and it's all at the right time
Cause I don't you anything
Time after time and a place and it's all at the right time
Cause I don't you anything
Time after time and a place and it's all at the right time
Cause I don't you anything
