You can't feel your heart beating
When you're staring at it on the ground
You can hardly even see it through the ashes all
around
You can't run like your free when
You can't give up what's got you down
What if you can find healing if you let me in somehow
But trust don't come easy oh oh
It's never easy if you don't know
Just don't stop believing oh oh oh

Chorus:

If you fall I'll catch you
If the world comes at you
You can always run to me
I'll be your hiding place
And if the stars burn out of the sky
And your heart lost it's light, just never let me go
And I'll scare your fears away
Yeah I'll be your hiding place

You don't have to live bleeding
Who says you gotta carry all that weight
I'll be everything you need yeah your rescues on it's
way
Trust don't come easy oh oh
It's never easy if you don't know

Chorus

And I won't let you go
You gotta lay it on the line to know
You don't have to do it on your own

Chorus

Oh
Yeah, I'll scare all of your fears away
I'll be your hiding place
