Can't stand breathing this cold stale air.
Can't stand to stand seeming and the caring
I was once a child like you see i'm
Free and beautiful careless and oh oh oh oh

So forget what I said about me
And tomorrow I'm on top of the world
And I don't need your sorrow
It's all me can't you see
Where I bleed
We're all human and you know
Where I go for how long and how low
How long how low

Maybe reaching is that stronger.
Maybe waiting seems that longer.
Simple little truns don't faze me.
Simple little words Amaze me.

So forget what I said about me
and tomorrow I'm on top of this world
And I don't need your sorrow.
It's all me can you see where I bleed
We're all human.
And you know where i go for how long and how low.
How long and how low.

Sp step right up it's for free.
So step right up defay me.
So step right up it's for free.
So step right up defay me.

So forget what I said about me
and tomorrow I'm on top of this world
And I don't need your sorrow.
It's all me can you see where I bleed.
We're all human and you know
where I go for how long and how low.
ohhh

So forget what I said about me
And Tomorrow I'm on top of this world

and I don't need your sorrow.
We're all human and you know
Where I go for how long and how low.
How long how low
How long how low.
How long how low.
