Johnny Falls  
He throws his hands  
Into the air, into these walls  
He's freaking out  
He's got a gun  
He'll get his way  
He'll have his fun  
You make a mess  
You bruise my name  
Try to cut me down with every word you say  
If you wreck my day  
If you wreck my day  
You son of a bitch you're gonna get some

And I'm tired  
Of this stupid game  
of running in circles for you again  
Don't blame me  
For what I gotta do  
I won't hate myself to be loved by you

Johnny runs  
He shuts his eyes  
He only sees  
From nine to five  
Don't let him down  
He's got a gun  
He'll get his way  
He'll have his fun  
All you wannabes  
Don't have what it takes  
To take a shot at me  
To put me in my place  
If you wreck my day  
If you wreck my day  
You son of a bitch you're gonna get some

And I'm tired  
Of this stupid game  
of running in circles for you again  
Don't blame me  
For what I gotta do

I won't hate myself to be loved by you  
Don't push me  
Don't blame me  
Or you'll be sorry  
Am I getting through?  
I won't back down  
As of right now  
I won't hate myself to be loved by you

Wo--ah, wo--ah, wo--ah

See me cry  
See me smile  
See me fall  
See me fly yea  
And I'm tired  
Of this stupid game  
of running in circles for you again  
Don't blame me  
For what I gotta do  
I won't hate myself to be loved by you

Don't push me  
Don't blame me  
Or you'll be sorry  
Am I getting through?  
I won't back down  
As of right now  
I won't hate myself to be loved by you

Wo--ah, wo--ah, wo--ah

I won't hate myself to be loved by you

Wo--ah, wo--ah, wo--ah

I won't hate myself to be loved by you

Wo--ah, wo--ah, wo--ah

I won't hate myself to be loved by you

Wo--ah, wo--ah, wo--ah

I won't hate myself to be loved by you

Woa---h.
