Don't believe everything happiness says  
Nothing feels better than hiding these days  
We bury our fears in the drinks, in these tears  
For the days we believed we could fly

Call up your brothers and sisters and friends  
We'll go back to the place where the night never ends  
We'll remember the fires, the burning car tires  
Boy how in the hell did we get here?

So why don't you meet me, down behind the old school  
We'll waste away the weekend, with perfect regard for  
how  
Cavalier we used to be, that beautiful insanity  
The apathy's surrounding me  
Don't close your eyes or we'll fade away

Over and over and over again  
We sat down for a minute, grew up into men  
Now we're putting out fires and changing car tires  
Man how in hell did we get here?

So why don't you meet me, down behind the old school  
We'll waste away the weekend, with perfect regard for  
how  
Cavalier we used to be, that beautiful insanity  
The apathy's surrounding me  
Don't close your eyes or we'll fade away this time

And we'll never get back what we  
Gave away, when we still have that fire in our eyes  
Don't believe everything happiness says  
Nothings as real as our old reckless ways  
When we drink by the fires  
The burning car tires  
Bad girls and good liars  
The dreams we'd conspire  
The days we went crazy  
The nights wild and hazy  
Man how in the hell did we get here?

So why don't you meet me, down behind the old school

We'll waste away the weekend, with perfect regard for  
how  
Cavalier we used to be, that beautiful insanity  
The apathy's surrounding me  
Don't close your eyes or we'll fade away

Why don't you meet me, down behind the old school  
We'll waste away the weekend, with perfect regard for  
how  
Cavalier we used to be, that beautiful insanity  
The apathy's surrounding me  
Don't close your eyes or we'll fade away
