[Verse 1:]

We started out OK,
But you threw it all away,
My God what's going on in your head,
For all we could have found,
Just to let it hit the ground,
Well I'm good and done,
We're over and dead,

[Chorus:]

Ah yes I'm leaving you it's obvious
Hey, hey, hey, hey
So wipe that stupid look right off of your face,
Get out of my way,
Why did she say,
She's so so sorry,
Just get out of my way,
Why did she say,
She's so so sorry,
She said I,
Want to start over today,
Take me back again,
Get out of my way,
Why did she say,
She's so so sorry,
She was

[Verse 2:]

You try to shift the blame,
My God are you insane,
And I'm sorry babe is all you can say,
You've made a mess before,
I kept coming back for more,
I never thought you'd end it this way,

[Chorus:]

Ah yes I'm leaving you it's obvious
Hey, hey, hey, hey
So wipe that stupid look right off of your face
Get out of my way,
Why did she say,
She's so so sorry,

Just get out of my way,
Why did she say,
She's so so sorry,
She said I,
Want to start over today,
Take me back again,
Get out of my way,
Why did she say,
She's so so sorry,

[Bridge:]
And that's all that I can say,
If you've never been let down,
Then this story's far from over,
Everything comes back around,
So be careful what you say,
What goes up's got to come down,
Don't be taken back,
It's all because of you,

[Chorus:]
Get out of my way,
Why did she say,
She's so so sorry,
Just get out of my way,
Why did she say,
She's so so sorry,
She said I,
Want to start over today,
Take me back again,
Get out of my way,
Why did she say,
She's so so sorry,

[Verse 3:]
Never again,
Never again,
What did she say,
Out of my way,
What'd I tell her,
What I tell her,
What did she say,
Out of my way!
What'd I tell her,
What I tell her,
Shot down!
