I'm so cold and far away from home  
You're so tired and so damn alone  
It's darker and much harder to be me  
So far away from my reality

I hate the way you look, I'm looking back  
I hate the way I look, you're looking too  
I think maybe I'm just falling, falling, falling

And you kiss me like you know inside of me  
And you watch me fight my own insanity  
And I feel like I'm a villain Jesus said would never ever  
leave us  
And I'm stronger now than I ever was before

You think I never could have seen it all  
It seems you want me just to watch me fall  
Your fingers and your lips are beautiful  
Your fingers and your lips are killing me

I hate the way you look, I'm looking back  
I hate the way I look, you're looking too  
I think maybe I'm just falling, falling, falling

And you kiss me like you know inside of me  
And you watch me fight my own insanity

And I feel like I'm a villain Jesus said would never ever  
leave us  
And I'm stronger now than I ever was before  
Than I was before

I'm stronger than I've ever been  
I'm stronger than before  
But you kiss me like you know it all

You know it all [x11]  
you know know  
you know it all  
you know it all

And you kiss me like you know inside of me

And you watch me fight my own insanity  
And I feel like I'm a villain Jesus said would never ever  
leave us  
And I feel like I'm a villain Jesus said would never ever  
leave us

And I'm stronger now than I ever was before [x3]

Was before [x3]
