Every once in a while I think about you  
And your strawberry hair  
And little things that we used to do  
I even called your old number  
But it wasn't the same  
Some stranger's voice on the answering machine

But the feelings remain after all this time  
And those old memories won't fade  
From the back of my mind

When I hear an old song  
And I'm with you again  
In that one room apartment  
We had time and we had plans  
But plans fall through  
And dreams run dry  
Oh, they just slowly disappear  
Like an old teardrop from your eye  
But the feelings remain after all this time  
And those old memories won't fade  
From the back of my mind

I don't know if I love you  
Only think of you once in a while

But the feelings remain after all this time  
And those memories won't fade  
From the back of my mind

Every once in a while I can see you cry  
And I'm saying I'm not ready and I can't say why  
I hear you got married and had a beautiful child  
And I only think about you once in a while
