Rain falls hard
Burns dry
Dream, or a song
That hits you so hard
Filling you up
Suddenly gone
Breathe feel love give free
Know in your soul
Like your blood knows the way
From your heart to your brain
Knows that you're whole
And you're shining like the brightest star
A transmission on the midnight radio
And you're spinning like a 45 ballerina
Dancing to your rock and roll
Here's to patty and tina and yoko, aretha
And nona and nico
And me
And all the strange rock and rollers
You know you're doin alright
So hold on to each other
You gotta hold on tonight
And you're shining liek that brightest star
A transmission on the midnight radio
And you're spinning your new 45's
All the misfits and the losers
Well you know your rock and rollers
Spinning to your rock and roll
Lift up your hands
Lift up your hands
Lift up your hands
Lift up your hands...
