In sacrament of life  
I drink off your lips  
My communion  
Fire of your womb  
I thrust with ice

Faster  
Deeper  
Higher up  
Apple - tree  
Creeps and blooms

Unexpired spring of life  
And crimson  
Which inflames  
Waters  
And turns the cross round

Take  
Take this fruit  
Choose!  
Be the suffering for him  
Be his cross  
Be the wormwood, the spear, the stone  
And stand up!

Bearing a burde of sin  
Blazing with sin  
Immortal in sin  
Naked, beautiful, nameless  
And innocent  
Like a bird  
Which longs for flying  
Soar into bliss pleasure

Be my way, my truth, my life!  
Be the gratification of my desire!
