You're invited  
So won't you come inside?  
I'm excited, it's gonna last all night

And there's no where else I'd rather be  
This feeling's taking over me  
Gotta let it all hang out you'll see  
I've got to break free

The party's wherever I am  
Wherever I am, am x2  
I don't need no club  
The club can't do what I can  
The party's wherever I am  
Wherever I am, am

Lights are flashing  
My heart is pumping now  
People dancing  
And I just wanna break out

And there's no where else I'd rather be  
This feeling's taking over me  
Gotta let it all hang out you'll see  
I've got to break free

The party's wherever I am  
Wherever I am, am x2  
I don't need no club  
The club can't do what I can  
The party's wherever I am  
Wherever I am, am

In the car in the crib, it's a party  
In the job in the gym, it's a party  
With my girls in the?, it's a party  
There's no stopping this popping, it's a party

The party's wherever I am  
Wherever I am, am x2  
I don't need no club

The club can't do what I can  
The party's wherever I am  
Wherever I am, am x2

Ever in Spain it's insane, it's a party  
Even in Rio just like Nino, it's a party  
Ever wanna break out come to Jamaica, it's a party  
There's no stopping this popping, it's a party

The party's wherever I am  
Wherever I am, am x2  
I don't need no club  
The club can't do what I can  
The party's wherever I am  
Wherever I am, am x2
