[music: C. Gallo; lyrics F. Calluori]

[Sidgar]

Here you are, O divine Star, rising beyond the horizon  
Thy red light shining is the sign that the time has come  
Spirits of skyward, ride the wind, come with me and  
guide  
This my lonely way through lands where time stands  
still

[pre-chorus]

My axe by my side, holy Skyward watch over me  
Dispel any fear creeping in my soul  
Through enchanted paths, a stone kingdom  
Dismal and fatal lakes  
May I ride beyond the forest where the heroes lie

[chorus]

You fly, noble Spirits, in the sky  
Toward defeat or victory  
Toward legend and pride  
Or death guide me to my end

I feel a power around this place  
I feel the temple is near  
Dark clouds spread a dreadful veil  
Thy blaze alone shines on

Now immobile and still in the dark  
Through the mist and the fog  
Here! The mighty shape appears before my gaze

[repeat pre-chorus / repeat chorus]

Everywhere sorrow  
Of the divine rage  
I see the terrible signs - Around... around... around...  
around...  
Desolation and dim night  
Where is that splendour and pomp  
Thy eternal fame rests on?  
The ancient glory

That rose and bloomed  
Is but a dim-remembered story  
Of a past time now entombed  
Where is the grandeur sung by poets?  
You were the reign of dreams and hopes  
Now you are only a vast dark ruin

[solo]

Should I fail and die, i give you my soul -  
Gods, take and keep it in the kingdom beyond  
[repeat chorus]
