I know we talked about going out tonight  
But baby if it's alright with you  
I'd just sooner we crack open a bottle of wine  
And stay right here all night through

We can kiss on the couch, dance in the kitchen  
Sit on the porch, listen to the crickets  
Sing us a song and all our worries away!  
And a little later on  
When the wine starts working  
Call it a night, close all the curtains  
Come on baby, I can hardly wait  
To go to bed early and stay up late

Who needs the candles at that fancy restaurant  
When we can stay right here and light our own  
And that rocking band downtown won't even cross your  
mind  
When I put a little Otis Redding on

We can kiss on the couch, dance in the kitchen  
Sit on the porch, listen to the crickets  
Sing us a song and all our worries away!  
And a little later on  
When the wine starts working  
Call it a night, close all the curtains  
Come on baby, I can hardly wait  
To go to bed early and stay up late
