Oi Oi Oi
We said Oi
Fucking Oi

We went out drinking one summer night
So far so good, there were no scumbags in sight
Went to the party and I had no cash
Spotted the refridge and it was full of Billy bass
Me and the boy's drank em all till there's no more
Then we sent some dickhead running to the store

Plenty of beer no scumbags in sight
Bruisers out drinking and there ain't been a fight
We're all here with our friends
Causing trouble till the party ends

Started getting late and the beer was almost gone
Went to the one place where we always belong
Last call at the bar we're looking forward to it every
night
If we don't get more beer there's gonna be a fight
Got to the Bar and Fuck it was closed
Boys all yelling this really fucking blows

Plenty of beer no scumbags in sight
Bruisers out drinking and there ain't been a fight
We're all here with our friends
Causing trouble till the party ends
