music: C. Gallo; lyrics: F. Calluori & E. D'Amato

Sidgar:

Rise enemy, do not hide behind the holy walls  
I am coming from the land of men to defy thy sword  
Rise through the winds, show me thy face full of hate  
I shall stand in glorious victory and free my lands

pre-chorus:

God - perhaps you are afraid of a mortal  
Who dares to come here?  
Iselin - I'll break the chains that bind you to Theil

chorus:

Almighty warrior burn in the fire  
Of my sacred blade

Almighty warrior burn in the fire  
Hear the SCREAM OF MY REVENGE

Daragor:

Foolish man, do you think to defy my anger?  
Do you think to rise up in arms against the almighty  
god?  
The fury of my winds could sweep thy body away  
But, mortal, another destiny is awaiting you

pre-chorus II:

Fight - Look to the bravest of my  
Warriors defying you Kill - only in this way victory'll be  
yours
