I'm on the blink
Baby you're on your own
Drink's on the house
There's no reason to be alone
Tonight
I'm in a spot
Baby you're in a hole
I'm in the mood to just throw away self control
Tonight

Bridge:
As the city moves around me
You can disapprove and ground me
But just let me say

Chorus:
I'm taller you know
When you're around
And if all of it goes
So much faster and faster when you're around
All that I know is I'm easy to please
You make everything simple with the greatest of ease
And I can't lose with you

Your love is just like a magic trick
Caught in my hands and then slips through my finger
tips
Without you I lose my grip
There's no need to worry
There's no need to hide
When you disappear
Don't you know I'll be on your side
(On your side)

Bridge:
As the city moved around me

You can disapprove and ground me
Or just let me say

Chorus:
I'm taller you know

When you're around
And if all of it goes
So much faster and faster when you're around
All that I know is I'm easy to please
You make everything simple with the greatest of ease
The latest news
Is I can't lose...

Once upon a time
You know I was a man
Who did a lot of things just because
I could get away with it
But every single thing I tried to do
Was always something that I really wanted to
Do for you
I hope that you can handle this

Now I'm callin' your name
Yeah I'm callin' you
And I'm fallin' the same way we lovers do
All that I know is I'm easy to please
You make everything simple with the greatest of ease

The latest news...
Is I can't lose.....
With you.....
