Who would believe it
I have lost my way
Nothing much to say about it
I couldn't have dreamed it
In a million years
Now I've shed my tears, and I found
That I don't know much, but I do know,
I do know I do know

I'm heading for the next stop happiness
I've been crying out for a new address
See I'm moving on and I'm standing strong
I finally found a rhythm that will fit my song
Next Stop Happiness, oh yeah

Should have foreseen it
Should have realised I'd been left behind too long
Now I can feel it now like a newborn child
Open up my eyes and I see
That I don't know much, but I do know,
I do know, I do know

I'm heading for the next stop happiness
I've been crying out for a new address
See I'm moving on and I'm standing strong
I finally found a rhythm that will fit my song
For the Next stop happiness
I've been crying out for a new address
See I'm moving on and I'm standing strong
I finally found a rhythm that will fit my song

Now my journey has begun
And I'm not afraid to laugh or cry
Dance until I'm satisfied
I'm heading for the next stop
