Oigan mi palabra, y salva tu alma  
Sin ayuda espiritual ests condenado  
Consuete santos, yerbas y lagartijas  
Sin proteccin no aguantas castigos

El castigo del brujo te deja chingado  
Pobre pendejo estas castigado  
Ya castigado tu alma controlada  
Traeme tu hijita pa darme mamada  
El dolor que tienes, no te lo quito  
Esclavo del brujo, que placer maldito  
El castigo del brujo, come cerote!

[English translate: Brujo's Punishment ]

Listen my word, and save your soul  
without spiritual help you are damned  
Get saints, plants and lizards  
Without protection you don't resist punishments

Brujo's punishment leaves you fucked  
Poor Asshole you are punished  
Now punished your soul controlled  
Bring your little daughter to give me a blowjob  
The pain you have, I won't stop it  
Brujo's slave, what a damned pleasure  
Brujo's punishment, eat bullshit!
