"Culeros, culeros, culeros"

Vayance a la chingada putos y jotos  
Ustedes que saben, bola de bueyes  
Callense el hocico, te arranco la lengua  
Mando un soldado para matar tu familia  
Esto no es un juego

"Culeros, culeros, culeros"

[English translate: Culeros]

"Culeros, culeros, culeros"  
Go to the fucked assholes and faggets  
you know ball of idiots  
shut the fuck up, I pull out your tongues  
I command a soldier to kill your family  
This isn't a game

"Culeros, culeros, culeros"
