Face the facts of Life On Earth  
The nature of Mankind  
Pages from our past are now defined  
Humanity has common sense  
We all know right from wrong  
We've lived in False Pretense too long!  
RISE!! RISE!!  
Face the facts of Present Day  
RISE!! RISE!!  
Rid yourself of ancient ways  
Fear of gods and demons is the folly of your mind  
Acknowledge facts of Science -don't be blind  
The war of Good and Evil is what you create within  
The Facts of Life are where the truth begins  
RISE!! RISE!! RISE!!  
Prepare for your future -don't live within the past  
The ancient cultures never knew the facts  
Technology has given truth where myth had been  
before  
It's time Humanity stepped through the door  
RISE!! RISE!!  
Face the facts of Present Day  
RISE!! RISE!!  
Rid yourself of ancient ways...  
RISE!! RISE!! RISE!!
