You say it would be better
If we stopped seeing each other
If you had only met me first
When you were free.
'Cause now you've got commitments,
I should not expect things from you
That you can give to me,
Oh but baby can't you see?

CHORUS:

I can't say goodbye to you
No matter how I try.
You're such a part of me,
Without you I would die
Deep in the heart of me.
I know that you and I
Were meant to be forever
I can't tell you goodbye.

Neither of us planned
That we would fall in love this way,
And since we did
Why should we be apart?
Sometimes some things happen
That can never be explained
Now it's too late for me,
I've already given you my heart.

(repeat chorus except last word)

BRIDGE:

Who knows why we choose
When we choose the ones we love
Who knows why we do
The things we do when we're in love?
I know you're a decent man
And you try to do what's fair
But how can I forget
All the feelings we have shared?

(repeat chorus except last word)

CODA:

(You and I we're meant to be forever I can't tell you
goodbye..)
