How can you tell the feeling?
Imagine just the two of us-yeah
How can you not tell the feeling?
I think i've made it obvious-well

Here's a little clue
Tell you what to do
Here's a little clue
Think of me and you
No one else around
Anything aloud
No one else around
Come and do it now-yeah

Somebody's burning baby
Can't you feel it
Somebody's burning baby
Can't you see it
Somebody's burning baby
Call a doctor
Somebody's burning baby
Get some water
The situations getting
Hard to handle
I want you more
Than any marlon brando
Somebody's burning baby
Get some water
And put the fire out

How can you not tell the feeling?
Well maybe i should spell it out
Yeah
L.o.v.e's what i'm needing
But you go round the round
-about

Here's a little clue
Tell you what to do
Here's a little clue
Think of me and you

No one else around
Anything aloud
No one else around
Come and do it now-yeah

Somebody's burning baby
Can't you feel it
Somebody's burning baby
Can't you see it
Somebody's burning baby
Call a doctor
Somebody's burning baby
Get some water
The situations getting
Hard to handle
I want you more
Than any marlon brando
Somebody's burning baby
Get some water
And put the fire out

Somebody's burning baby
Can't you feel it
Somebody's burning baby
Can't you see it
Somebody's burning baby
Call a doctor
Somebody's burning baby
Get some water
The situations getting
Hard to handle
I want you more
Than any marlon brando
Somebody's burning baby
Get some water
And put the fire out

Somebody's... somebody's burning baby
Can't you feel it
Somebody's burning baby
Can't you see it
Somebody's burning baby
Call a doctor
Somebody's burning baby
Get some water
The situations getting
Hard to handle
I want you more
Than any marlon brando
Somebody's burning baby
Get some water

And put the fire out
