You promise me our love will last forever  
You stand by me to make our dreams come true  
And now you say we can go on together  
The chemistry is gone for me and you

But I believe we still belong together  
And all the dreams we make can still come true  
If we can only try to make it better  
we give our love a chance to make it true  
I wonder why

Why can't we give each other our love  
Unconditional true love  
Look inside us for the light in our soul  
Why can't we heal each others heart  
Never let us fall apart  
Look inside us for the light in our soul  
light in our soul  
light in our soul

I said that we were meant to be together  
I haven't lost my faith in me and you  
If we could only try and make it better  
Give our love a chance to make it true  
I wonder why

Why can't we give each other our love  
Unconditional true love  
Look inside us for the light in our soul  
Why can't we heal each others heart  
Never let us fall apart  
Look inside us for the light in our soul  
light in our soul

Why can't we give each other our love  
Unconditional true love  
Look inside us for the light in our soul  
Why can't we heal each others heart  
Never let us fall apart  
Look inside us for the light in our soul  
The light in our soul [x3]
