On Norwegian earth we stand  
sons of the norse tribe  
Proud we stand  
with swords and shields in hand  
We remember the time  
a time forgotten but soon to be reconquered  
When the gods ruled  
and battles were like the blood in our veins

When we, vikings of Norway ruled the cold north  
and spread fear with our swords

Flames lit the sky then, but not anymore  
Blood floated in wild rivers  
and soon the blood will float again  
Our might is not gone  
we still stand with our ancestors wisdom  
Black as the night  
Wise as the king of Valhalla

An oath was sworn  
Sworn to revenge

Revenge and hate  
Our hate we will give them

The pagan reunion awaits  
Reach for your sword, reach for your axe  
Winds become storms days turn to nights  
The time for revenge has arrived  
Slaughter them whom once slaughtered  
Our crusade of death marches on

The crown of thorns will fall  
hard to the ground  
Once a nomans king  
will descend from his throne  
He shall vanish  
vanish forever  
Vikings will enter with swords in blood  
to crush the throne  
and release our ancestors

the pagan gods  
who in black wisdom  
once ruled  
and now will rule again
