[Music: Hrimgrimnir, Lyric: Vanargandr]

Tiden er kommet som engang var fortalt
der menneskets verden i sorg skal bli lagt
Tre kalde vintre legger sin bleke arm
rundt Mannheims frostbetonte land

Et skall av skjebnens dystre tone
setter sprekker i dÃfÃ,dens frosne krone
Sulten venter verden derunder
forbi porten og Hels ulvehunder
Fra en verden av evig fortapelse
til en annen med bÃfÃ,ddelelens fortatelse

En hyklersk strid blant levninger
fortapt i vinterdÃfÃ,d
graver ÃfÃ¥pne pÃfÃ¥ snÃfÃ,en sÃfÃ¥ blodrÃfÃ,d
Liv gÃfÃ¥r tapt ved fiendens og ens egen hÃfÃ¥nd
spunnet blir nornenes skjebnesbÃfÃ¥nd
Lagt i frossen aske

Den fortviles kamp- tÃfÃ¥rer bundet til evighet
Alle smerteskrik samles- til helvetes borgens profet
SÃfÃ¥ trist alt er- det sÃfÃ,rgelig fortalt
Farvel- en tom evighet, alt er forfalt

Tid er ei tid her mer
Liv er ei liv noensted
Et ÃfÃ,ye kan ei som et ÃfÃ,ye se
Forsvunnet er alt folk og fe
HÃfÃ,rer ei en vissen tone mer
Sanser intet, fÃfÃ,ler intet
VinterdÃfÃ,den flere hundre dager lange
tok alt.. men vent..

[English translation:]

[Winterdeath]

The time has come as once was told
where man's world will be lain in sorrow
Three cold winters puts their pale arm

around Mannheims frosty land

A shell of fate's sombre tone
cracks death's frozen crown
Hungry the world waits thereunder
Past the gate and Hel's wolves
From a world of eternal damnation
to another with the executioner's pardon

A hypocritical battle among remnants lost
in winterdeath
graves open in the bloodred snow
Lives are lost at the hand of the enemy and oneself
The norm's band of faith is being spun
Lain in frozen ashes

The battle of the despairing- tears bound to eternity
All cries of pain are gathered- to the hellcastels
prophet
All is dismal- the tragic is told
Farewell- an empty eternity, all as decayed

Time is not time here anymore
Life is not life anywhere
An eye can not see like an eye
Gone are the people and beasts
Never hear are withered note again
Sense nothing, feel nothing
The winterdeath hundreds of days old
took everything.. but wait..
